

David Zonneveld Michel

Quant Developer & Entrepreneur — MBA Candidate at CEIBS

hello@davidzonn.com · linkedin.com/in/davidzonn · Shanghai, China

EXPERIENCE

Lead Quantitative Trader & Developer — *Independent / Self-Employed* Apr 2020 – Present · Global

- Led a small team of developers building and scaling a proprietary algorithmic trading suite, managing a diversified personal portfolio across global stocks, derivatives, and alternative assets.
- Designed a cross-border arbitrage strategy translating macro analysis into trading decisions, with automated rebalancing to manage volatility.
- Instituted risk-management and kill-switch protocols to protect capital after a live incident.

Software Developer — *Flow Traders* Sep 2018 – Mar 2020 · Amsterdam, NL

- Designed and deployed low-latency Java and C++ systems for a leading global ETP liquidity provider, processing millions of daily events.
- Collaborated with trading desks to build microservices that reduced trade execution latency by 50%.

Research Intern — *Loria / Inria Research Lab* Mar 2017 – Jul 2017 · Nancy, FR

- Co-developed a quantum programming parser and compiler, simplifying quantum circuit representations and reducing state-evolution simulation overhead.

EDUCATION

MBA — *CEIBS, Shanghai* 2026 – Present

- Shanghai Government Scholarship recipient.

M.Sc. in Dependable Software Systems (Dual Degree) — *St Andrews (UK) & Lorraine (FR)* 2016 – 2018

- St Andrews: graduated with Distinction, focus on Machine Learning. Lorraine: graduated with Honors, focus on Logic Systems.
- Master's thesis on intelligent trading agents.
- Erasmus Mundus Joint Master Excellence Scholarship.

B.Sc. in Informatics Engineering — *Universidad Mayor de San Simón, Bolivia* 2012 – 2016

- Graduated with Distinction, ranked 1st out of 10,000+ students in the Faculty of Science & Technology (GPA 86.1/100).
- One-year exchange at Universidade Nova de Lisboa, Portugal.

SKILLS & LANGUAGES

Core Tech: Python, Java, C++, Distributed Systems, ML Algorithms, Microservices.

Languages: Spanish (Native), English (Fluent), German & Portuguese (Advanced), Dutch & French (Professional), Mandarin (Basic).
